From: Nyama Y. Reed, Library Director

Date: July 22, 2025 Meeting Re: Department Reports

Adult Services (Lenski)

Programs

This summer we have planned our programs around a specific theme, Self-Care at the Library. We have a number of programs we are offering to go along with that theme. First we are offering a walking club that meets every Tuesday throughout the summer. Two of the part-time staff are taking turns leading the walk each week. For our first walk we had 10 people and for our second walk we had 6. We hope to continue to offer this throughout the fall, or as weather permits. We also hosted a Sound Bath, which is a type of meditation by using sound and musical instruments. Folks were relaxed and laying on yoga mats and we had nearly 35 people attend. We are looking at offering this program once more this summer, since we were limited to the number of folks we could offer this program to due to room size constraints. We also are starting up a bi-weekly yoga class that begins in early July, along with some mediation sessions in July and August.

181 patrons have signed up for the Adult Summer Reading program.

Collection Development

Staff have continued shifting in the fiction area, continuing to make room for more new books. We are also about one quarter of the way through inventory of the adult nonfiction and so far there have only been a few titles that were supposed to be on the shelf but that could not be found.

Circulation Services (Hoge)

Summer

We are continuing to see an increased volume of visitors and circulation of materials (quantity of returned items has been extremely high!). Circulation and Shelving staff are doing a great job of getting materials checked in/out and back on our shelves in a timely manner.

Summer months always see a spike in staff needing coverage (vacations, camps, etc) and I'm happy to say that everyone has chipped in to cover shifts for co-workers so we've had no staffing shortages.

WLA Conference Planning Committee

All Keynote Speakers have been confirmed and scheduled. Publicity will pick up later in July as we get closer to opening registration

Village Insurance Discussion

The Village's health insurance consultant Brown & Brown held a round table discussion with representatives from all of the Village departments on July 9th. I sat in as the Library representative. B&B's presentation covered the current trend of claims within the Village and that claims are already on target to be higher than 2024 which likely means a large increase in the premium renewal WFB will receive from United Healthcare in late October for 2026. A lot of the presentation and discussion centered around how to reduce costs in 2026 either by adding a High Deductible Health Plan option, utilizing an overlay app that would direct employees to the Tier 1 group of health care providers which are a lower cost to the Village, and creating incentives for employees to utilize lower cost providers. Overall, B&B's goal is to help the Village get ahead of the likely increase in health care premiums early in the budget process.

Youth Services (Kiekhaefer)

Collection Development

- Our Tonie collection officially launched in early June, and it's been very popular. Most have been checked out multiple times, and we just added additional Tonies to the collection. The starter collection was funded by Friends, similar to how they funded the initial purchases of Wonderbooks.
- We also added two Toniebox kits to our Take and Tinker collection. They contain a Toniebox and seven Tonies that can be played with said Toniebox.

Re: 2026 WFBPL Operating Budget - Draft B

WFB Library Mission Statement

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information and resources.

Overview

Attached for your review and approval is Draft B of the 2026 Operating Budget. This version reflects input and direction from the Board's discussion at the June 24 meeting.

The proposed budget takes a strategic approach by applying increased revenue from the MCFLS Member Reserve Fund while managing ongoing declines in traditional income sources such as fines. Planned projects for 2026 include the digitization of local newspapers and several building improvements designed to enhance accessibility and usability of the library space.

Key Budget Updates

Revenue adjustments

- 1. Fund 22 monies are transferred to the operating budget to accurately reflect collection spending
- 2. Designated donations in the fund balance are applied to support identified building projects

Expenditure adjustments

- 1. The building maintenance line increases significantly to fund a painting project, Youth Tower refresh, and installation of restroom door openers
- 2. Technology continues to support LibraryIQ, which may be renewed in 2026 using the increase in MCFLS Member Reserve Funds
- 3. The collections line includes
 - a. Transfer of Fund 22 monies
 - b. Increased costs for Hoopla, now fully funded by libraries under the revised MCFLS agreement; balanced by reduction in MCFLS Membership costs
 - c. A \$12,000 digitization project funded by the 2026 MCFLS Member Reserve Funds increase

Recommended Motion

Motion to adopt the 2026 Library Budget as presented in Draft B.

Date: July 22, 2025 Meeting Re: Fines Operational Update

WFB Library Mission Statement

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information and resources.

Overview

As discussed at the May 20, 2025 Library Board meeting, debts over 6 years old may not be pursued though they may be left on account. Per that discussion, the Library Board voiced agreement with: eliminating fines and fees over 6 years old. The Board also voiced agreement with eliminating the \$1.00 hold non-pickup fee and the \$2.00 replacement card fee. The financial impact of these changes is minimal, and all actions are expected to enhance the overall patron experience.

Impacts

1) Debts over six years old

- a. Financial: Minimal financial impact is expected, as these debts are unlikely to be recovered.
- b. Customer Service: Eliminating these debts improves the patron experience for individuals reengaging with the library after a long absence.

2) \$1.00 hold non-pickup fee

- a. Financial: Estimated annual revenue loss of \$2,000, offset by increased Member Reserve Funds.
- b. Customer Service: Eliminating this fee reduces friction, as patrons often express frustration. Few MCFLS libraries charge this fee.

3) \$2.00 replacement card fee

- a. Financial: Estimated annual revenue loss of \$150.
- Customer Service: Removing the fee offers a small but meaningful benefit to patrons needing a new card.

Recommended Motion

Motion to:

- 1) Annually wipe out debts over 6 years old.
- 2) Permanently remove \$1.00 hold non-pickup fee.
- 3) Permanently remove \$2.00 card replacement fee.

Officers

Article III OFFICERS

Section 1. The officers shall be a president and a vice-president, elected from among the appointed trustees at the annual meeting of the Board. An officer may succeed him/herself no more than twice. An officer may be re-elected to the same position after a lapse of one year. The library director shall serve as the recording secretary.

Section 2. Officers shall serve a term of one year from the annual meeting, which is designated as the June meeting, or until their successors are duly elected.

Section 3. The president shall preside at all meetings of the Board, authorize calls for any special meetings, set the agenda for the meetings, appoint all committees, execute all documents authorized by the Board, serve as an ex-officio voting member of all committees, and generally perform all duties associated with that office. The president shall be a voting member of the library board.

Section 4. The vice-president, in the event of the absence or disability of the president, or of a vacancy in that office, shall assume and perform the duties and functions of the president.

Section 5. The library director is designated to perform the duties of the recording secretary. The recording secretary shall keep a true and accurate record of all meetings of the Board, shall issue notice of all regular and special meetings, and shall perform such other duties as are generally associated with that office.

2025 Slate

President – nominations to be accepted at meeting Vice President – nominations to be accepted at meeting

Next Steps

- 1. Does Trustee Leinweber accept nomination for President?
- 2. Does anyone wish to nominate (or self-nominate) another candidate for President?
- 3. If so, does that candidate accept the nomination for President?
- 4. Does Trustee Jelenchick accept nomination for Vice President?
- 5. Does anyone wish to nominate (or self-nominate) another candidate for Vice President?
- 6. If so, does that candidate accept the nomination for Vice President?

Majority vote of those in attendance determines officers.

Recommended Motion

- 1. Motion to vote for President.
 - a. If more than one candidate, do roll call vote.
- 2. Motion to vote for Vice President.
 - a. If more than one candidate, do roll call vote.

Re: Garden Bench

WFB Public Library Mission Statement

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information, and resources.

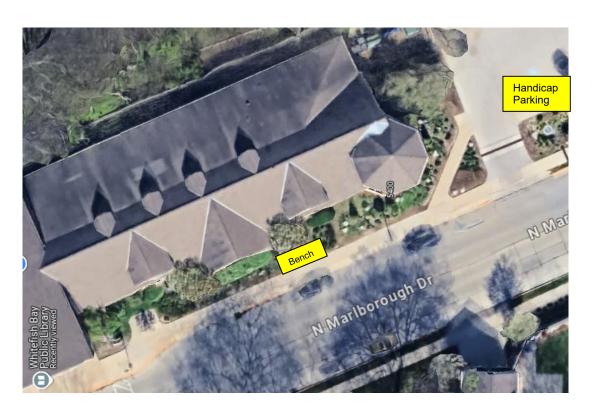

Background

To enhance accessibility and comfort between the parking lot and the library entrance, staff have proposed installing a bench in the library gardens. The distance from the handicap parking space to the front door is approximately 200 feet. Placing a bench near the midpoint would offer a welcome resting spot for patrons along the way. According to Assistant Village Manager Anna Christopherson, the cost of a bench, including installation, is \$800.

Following the recent passing of John Phillips, a well-loved library patron, staff contributed \$225 in his memory with the hope of the bench being a *memorial* bench. An additional \$336 was donated to the Library by other patrons in Mr. Phillips' memory, and \$27,000 was donated to the Library Foundation. https://www.jsonline.com/obituaries/pwix1215278

Recommended Motion

Motion to approve placement of a memorial bench in memory of John Phillips in the Library gardens to provide a place of respite for patrons.

Chapter 24 of Library Friends and Library Foundations

Friends Organizations

Friends of the Library groups are community-based volunteers who support, promote, and enhance public libraries. They may be formal nonprofits or informal groups, WFBPL's is a 501(c)3. Friends often provide financial support for programs, advocate for library funding, and assist with services like summer reading.

Although Friends and library boards share common goals, they are separate legal entities. Effective collaboration relies on mutual respect and clear roles. Best practices include:

- Friends often raise money to support library programs and projects, plus offer volunteer assistance.
- Friends recognize that they do not perform a decision-making role for the library, and vice versa.
- The library board values and encourages input and opinions from the Friends, and vice versa.
- The library board appoints a liaison to the Friends (often the library director or other library staff member).
- Friends decide how to spend their funds only after conferring with the library director or staff.
- A liaison (usually the director or staff) connects the two groups.
- The Friends' activities support library board long-range plans and policies.
- The Library expresses appreciation to Friends for their support and service.
- The library board invites and welcomes Friends to library board meetings, especially when discussing issues that may be of interest to the Friends.

Chapter 24 of Library Friends and Library Foundations

Library Foundations

- Library foundations are independent nonprofit organizations established according to the relevant state and federal regulations.
- Because library foundations, like Friends groups, are autonomous organizations, many of the same suggestions discussed above for working with the Friends also apply to developing a positive working relationship with a library foundation.
- The <u>primary distinction</u> between a Friends of the Library group and a library foundation is that a library foundation typically has a single purpose to raise private funds for the support of the library.

Financial Support from Friends and Library Foundations

- Support from Friends and a Foundation should be used to enhance or enrich library services, NOT to reduce or replace local tax support.
- Donors will likely quit donating and volunteers will quit working if they see that their efforts are resulting in reduced public funding for the library instead of improved service.

Chapter 26 of The Public Library System Board - the Broad Viewpoint

Background

Before public library systems were established in Wisconsin, many residents lacked access to quality library services. To improve equity and access, the state legislature passed a 1971 law allowing the creation of regional library systems. Participation is voluntary, but today all 72 counties and 381 public libraries belong to a system.

In this partnership, libraries agree to serve all system residents equitably. In return, they receive statefunded services that enhance local offerings. This collaboration ensures that all Wisconsin residents can access improved library services, regardless of where they live.

System Services and Accountability

In Section 43.24(2) the statutes clearly state the services a public library system must provide. (For a list of these services, see Trustee Essential #17: Membership in the Library System.) However, considerable flexibility is allowed in setting priorities so that each system can meet the needs of its particular geographic area and member libraries.

The fact that systems receive significant funding directly from the state sets them apart from other public library institutions.

In addition to its participation in a statewide sharing network, the system's accountability to the state for funding means that system boards must maintain a broader view of the development and provision of services.

Chapter 26 of The Public Library System Board – the Broad Viewpoint

Responsibilities of the Public Library System Board

 A public library system board holds the same legal authority over systemwide services as a municipal library board has over local services.

Relationships to Member Libraries and Member Counties

- The system board sets policy for the system, but not for individual member libraries.
- Systems may reduce services or funding, or remove a member municipality that fails to meet membership requirements.
- System board members and the director should engage with member library boards when invited, fostering communication, explaining system goals, and addressing shared concerns.
- Library systems are expected to lead in exploring and adopting new technologies and services that benefit all members. Trustees play a key role in setting priorities for regional initiatives that may require system investment.

Additional Responsibilities

- Public library system trustees should be prepared to take an active role in advocacy at the state
 and federal levels. Like all library trustees, it's important to understand that public funding is
 allocated through the political process; those who clearly and effectively communicate their needs
 are more likely to succeed.
- Advocacy, or "lobbying," is not inherently negative. Thoughtful, well-informed communication with
 elected officials helps ensure they understand the public's strong support for accessible, highquality library services. These officials represent their constituents and need to hear what matters
 to the communities they serve.

Re: Collection Management Report - Audio / Visual Collections

WFB Public Library Mission Statement

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information, and resources.

Overview

This memo provides a comprehensive analysis of the Library's audio visual collections, with a focus on projected 2025 circulation, turnover rates, average age, and long-term collection trends. The goal is to guide future collection development, retention, and weeding strategies based on data-informed use.

Analysis

Projected 2025 Circulation and Turnover

| Collection | Projected 2025 Circ | Turnover Rate |
|----------------------|---------------------|---------------|
| Adult Fiction DVD | 9,576 | 2.04 |
| Adult Blu-ray | 1,202 | 4.19 |
| Adult TV Series | 3,244 | 2.88 |
| Adult Nonfiction DVD | 1,218 | 1.08 |
| Youth DVD | 5,992 | 3.13 |
| DVD Total | 21,232 | 2.32 |
| Adult Music CD | 5,648 | 1.06 |
| Youth Music CD | 230 | 1.03 |
| Music Total | 5,878 | 1.06 |

- Blu-rays and Youth DVDs are the strongest performers, with turnover rates above 3.0.
- Adult Fiction DVDs and TV Series are performing well and maintain stable use.
- Adult Nonfiction DVDs and Music CDs underperform, with turnover near 1.0.

Collection Age and Use

- DVD and Blu-ray average addition years range from 2014–2019, yet circulation remains active
 - Only 0.5% of DVDs haven't circulated since 2022.
- Music CDs have an average addition year of 2012.
 - 9% of music CDs have not circulated since 2021.

Historical Additions and Format Trends

- DVD/Blu-ray additions peaked from 2014–2016 and have since stabilized around 400–450 per year.
- Music CD additions have declined steadily since 2015, with minimal new items added in recent years, especially in Youth Music (none since 2021).

Strategic Recommendations

DVDs and Blu-rays

- Prioritize high-performing formats (Blu-rays and Youth DVDs) for future investment.
- Maintain Adult Fiction DVDs and TV Series with modest updates.
- Reassess Adult Nonfiction DVDs
 - Pilot a small-scale refresh with high-interest topics.
 - o If turnover remains low, reduce purchasing and begin targeted weeding.

Music CDs

- Adult Music
 - Retain a smaller core collection focused on circulating genres.

- o Monitor whether limited new acquisitions (e.g., jazz, classical) improve use.
- Youth Music
 - o Consider significant weeding or format retirement.

Updated Guidelines

- Apply a minimum turnover threshold of 1.5 to guide deselection.
- Evaluate collection health semi-annually using turnover, age, and recent use data.
- Focus space and budget on formats that deliver value through consistent circulation.

From: Nyama Y. Reed, Library Director

Date: July 22, 2025 Meeting Re: Director's Reports
