Re: Workforce Snapshot: Survey, Compensation & Longevity

### **Mission Statement**

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information, and resources.

### Overview

The 2025 staff survey shows that the Whitefish Bay Public Library continues to be a positive, engaged, and high-performing workplace. Staff report strong satisfaction with their work, deep pride in serving the community, and a collaborative culture that supports both individual and team success.

At the same time, opportunities exist to strengthen staffing levels, compensation equity, communication, and professional development. These insights will help guide ongoing strategic planning in alignment with the Library's commitment to "offer an exceptional workplace."

### **Staff Satisfaction & Engagement**

Nearly 90% of staff completed the September 2025 survey. Responses reflect a highly engaged team that values collaboration, meaningful work, and collegiality. Staff consistently describe WFBPL as a friendly, welcoming, and supportive place to work.

Key strengths include:

- Positive Workplace Culture: Staff enjoy their colleagues, leadership support, and shared mission.
- Community Connection: Many express pride in helping patrons and providing high-quality service.
- Collaboration & Communication: Most find intra-department communication effective and supervisor support strong.
- **Engagement:** Staff offered numerous actionable ideas for improving communication, workflow, and staff spaces.

Areas for improvement include more frequent all-staff meetings, better cross-department communication, inclusion of part-time staff in decision-making, and a virtual communication platform for announcements and updates.

### **Training & Professional Development**

Staff generally feel well-trained and supported.

Many would like additional:

- In-person and hands-on training (particularly for part-time staff)
- Skill refreshers on infrequently used tasks
- Emergency preparedness and defibrillator training

Leadership is reviewing options for expanded in-person training options for all staff.

### **Performance Evaluation**

Staff value feedback but identified improvements for the annual review process:

- Simplify and update the forms to better reflect job responsibilities for each position
- Improve timing so reviews occur regularly and are not rushed at year-end
- Continue supervisor check-ins and recognition throughout the year

The Leadership Team has reviewed the newly revised evaluation forms. The next step is for the Library Board to review and approve them.

### Wages & Benefits

The last few years, Director Reed compared WFBPL wages to the 'MCFLS suburban average.' There are fourteen libraries in that group, including WFBPL, but not all libraries have the same positions as us. Currently only three libraries have a Head of Adult Services, which limits the ability to compare our wages. As a result, this year Director Reed also compared WFBPL wages to the averages of thirty comparable libraries based on the following metrics:

- libraries in MCFLS and neighboring library systems
- a full time library director
- at least 1.0 MLS FTE
- Census designation as "suburban
- within 20% of WFBPL's statistics on select variables

See Addendum A for list of libraries.

The 2024 wage comparison shows six of eight WFBPL positions are 98-115% of the average. Two positions, Reference Assistants and Shelvers, fall below average due to higher turnover in those positions.

Staff feedback on compensation echoed these findings:

- Wages have improved but should remain under regular review to stay competitive
- Staff recommend an annual wage review process
- The lack of benefits for part-time staff remains a key recruitment and retention barrier

Director Reed recommends evaluating the feasibility of adjusting current shelver and reference assistant wages to align WFBPL with peer libraries.

	WFB Avg as % of MCFLS	WFB Avg as % of Comps	Avg of

Shelver (8) (N/A)	83%	83%	83%	2023-2025 (2025)

### **Longevity & Retention**

Department heads and full-time librarians demonstrate strong longevity, averaging between 7 and 12 years of service. This reflects organizational stability and job satisfaction, likely supported by the wages and benefits associated with full-time employment.

Circulation Assistants also show longevity, with no new hires since 2022. Some Circulation Assistants have expressed interest in additional hours and the possibility of receiving benefits, which are currently limited under the Village of Whitefish Bay employee handbook.

Reference Assistants and Shelvers remain short-term positions. Reference Assistants frequently move on to full-time employment elsewhere, often motivated by the need for higher wages and benefits. High school–age Shelvers typically leave after graduation. The Library currently employs three adult shelvers. One has been with the Library for 2.5 years, while the others are recent hires.

### **Equity, Access & Inclusion**

Staff expressed pride in WFBPL's inclusive environment but identified barriers to address:

Limited accessible parking and delayed snow removal

- Three additional accessible parking spaces were recommended for approval by the Village of Whitefish Bay Public Works Committee on Monday, October 13. Final approval will be considered by the Village Board on Monday, October 20.
- Need for updated door openers and additional accessibility technology
- Inequity created by reliance on part-time, non-benefited positions

These concerns are being considered for building planning and staffing strategy discussions.

### **Next Steps**

Actions underway or planned include:

- Annual review of wages, benefits, and staffing hours
- Implementation of updated performance evaluation forms
- Exploration of expanded training opportunities
- Continued collaboration with the Village on facility accessibility (parking, doors)
- Consideration of additional study rooms and staff workspace improvements
- Ongoing review of fine-free practices, senior programming, and service enhancements

### Conclusion

Staff satisfaction and engagement remain strong, driven by meaningful work, collaboration, and leadership support. Continued investment in training, communication, fair compensation, and workplace improvements will sustain WFBPL's reputation as an exceptional place to work, and by extension, a cornerstone for community connection and learning.

### 2025 Strategic Plan

### Goal, Components, Timing

Goal: Update the strategic plan, using a five-year timeframe, with significant community input and understanding of needs, review of best practices and benchmarking, and a comprehensive understanding of the current operations of the Whitefish Bay Public Library.

### Components:

- Review Mission and Guiding Principles: No change to mission, minimal changes to guiding principles expected
- Community Needs Assessment: Review Data, Benchmarking, Community Survey, Input from Foundation & Friends
- Staff Needs Assessment: Staff Survey, Review Data, Benchmarking
- Review all data and reports, analysis, benchmarking to identify priorities and opportunities
- SWOT analysis (strengths, weaknesses, opportunities, threats) and environment/landscape summary
- Identify Goals (4-6 high-level, long-term): ID action items, ways to measure, accountabilities, etc.

### Timing:

- Started June 2025
- Staff Survey: September; Patron/Community Survey: Launched Sept 29. Closing Sunday, October 19.
- Ongoing meetings and updates with Leadership Team and Board, input from Friends and Foundation
- Strategic Plan Board Presentation & Approval: February Mtg (tentatively)
- Shared with Staff, Community, and Partners Once Approved

### Staff Survey Highlights

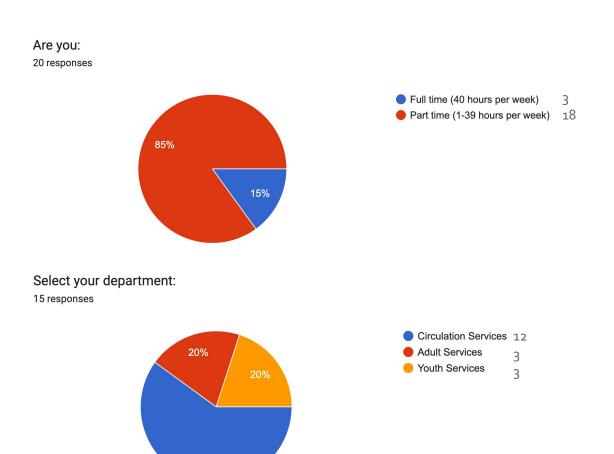

### Summary

- The 2025 staff survey reflects a highly engaged and positive team culture.
- Nearly 90% completed the survey.
- Staff consistently report that they enjoy their work, value their colleagues, and take pride in serving the community.
- Engaged staff made helpful and actionable suggestions in staffing, communication, professional development, facilities, and equity that will inform the next phase of strategic planning.

### What aspects of your job do you enjoy the most?

- **Positive Workplace Culture** The library is described as a friendly, welcoming, and supportive place to work. Staff value their smart, caring, and devoted coworkers.
- **Community Connections** Many enjoy interacting with patrons, building relationships with regular visitors, and helping people find books or solve problems.
- **Programs and Creativity** Storytime, arts-and-crafts activities, and opportunities to be creative are highlights.
- Variety and Engagement Staff appreciate the mix of tasks, such as cataloging, ordering, shelving, and paging, which keep the job interesting.
- **Library Atmosphere** Several noted the calm, relaxing environment and the satisfaction of completing tasks.
- **Professional Purpose** There is pride in performing an essential community function and contributing to a space that promotes literacy and learning.

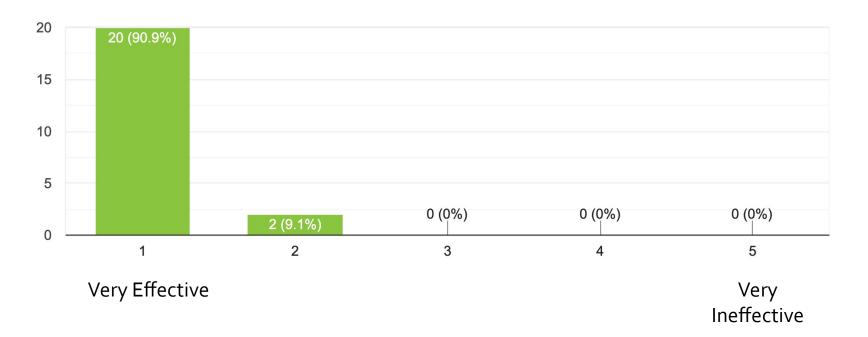

"I thoroughly enjoy working with all of my coworkers, it is such a positive work environment.

I also really enjoy serving and connecting with members of the community. I like that we have a lot of the same patrons visiting our library year after year..."

### What improvements would you suggest for communication or teamwork?

- **Centralized Workspaces** Several staff support relocating offices to a shared work area to encourage cross-department collaboration and "cross-pollination" of ideas.
- More Frequent Meetings Quarterly cross-department meetings and more regular all-staff gatherings would improve information sharing and team connection.
- **Team Building** Suggestions included informal staff get-togethers to build camaraderie.
- Improved Communication Flow Staff expressed a need for more consistent communication between reference and circulation teams, as well as clearer updates from the leadership team to all staff.
- **Opportunities for Input** Part-time staff would like to be consulted on decisions that directly affect their daily work, such as new collections or service changes.
- **Shared Information Tools** A virtual announcement page or internal communication platform could help keep everyone updated.

# Do you believe you have access to adequate training and professional development opportunities?

Do you believe you have access to adequate training and professional development opportunities? 22 responses

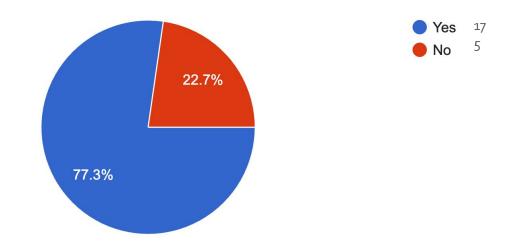

# What additional training, resources, or support would help you perform your job better?

- **Professional Development Opportunities** Interest in being informed about learning opportunities beyond the library, such as visits to other libraries or community outreach events.
- **Hands-On Training** Requests for in-person training sessions, especially for part-time staff, focused on library-specific issues rather than only online cybersecurity modules.
- Emergency Preparedness Staff would like training on how to use the library's defibrillator.
- **Skill Refreshers** Occasional refreshers on infrequently used tasks (e.g., copier functions) would be helpful.
- **Overall Satisfaction** Some staff feel well-trained and well-supported and did not identify additional needs.

### Do you feel the library is adequately staffed to meet its needs currently?

Do you feel the library is adequately staffed to meet its needs currently? 22 responses

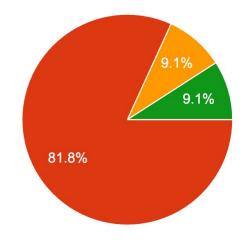

## If "No" above, please provide details or suggestions to improve.

- Adult Services Staffing Strong agreement that Adult Services is understaffed.
   Suggestions include converting an existing part-time position into a full-time role, hiring an additional full-time librarian, or adding one to two part-time reference staff.
- Coverage Challenges Staff shortages create stress when filling evening, weekend, and sick-day shifts, impacting multiple departments and requiring circulation staff to cover reference more often.
- Impact on Services Current staffing limits the library's ability to expand adult programming, strengthen community collaborations, and maintain smooth operations during absences or turnover.
- **Sufficient but Strained** When fully staffed, operations run smoothly, but even a single resignation or absence causes significant disruption.

### Do you believe that your compensation is fair given your work and the marketplace?

Do you believe that your compensation is fair given your work and the marketplace? 22 responses

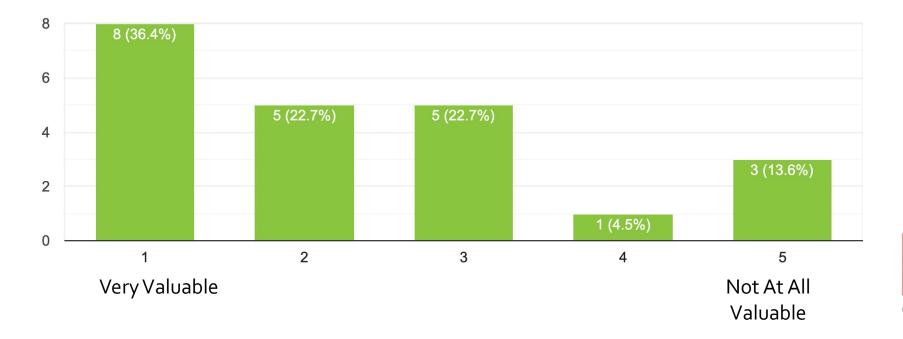

## If "No" above, please provide details or suggestions to improve.

- Some staff feel compensation is improving, but several still view wages as low relative to the work performed and market standards.
- **Market Comparisons** Staff referenced industry comparisons and suggested wages should align with or exceed peers in Milwaukee County and Southeastern Wisconsin.
- **Living Wage Concerns** Comments noted that \$20 per hour should be a baseline and that current pay is too low, with one remark that \$10 per hour would be an improvement.
  - "NPR just had a story indicating that \$20 should be the minimum wage I agree."
  - "We could at least make \$10 per hour. Our pay is very low."
- Regular Review Recommendation for annual or biannual wage reviews to prevent falling behind comparable libraries.

### Is your annual performance review a valuable experience?

Is your annual performance review a valuable experience? 22 responses

### What improvements would you suggest for the annual performance review process?

- Form and Content Suggestions include simplifying the forms and ensuring they accurately reflect the work performed.
- **Timing Concerns** End-of-year timing feels rushed and contributes to reviews being skipped or delayed.
- Need for Regularity Staff want the process to occur consistently each year for all employees.
- Positive Notes Those who have received supervisor feedback (formal or informal) found it helpful and detailed.

# Any barriers to equity, access, or inclusion for <u>patrons</u> you have observed or experienced?

- Parking and Snow Removal Most common concern is insufficient disabled parking and slow snow removal, especially at ramps and curbs, which limits accessibility after storms.
- Physical Space Accessibility Some staff worry that cluttered areas or that the building layout may hinder patrons with mobility challenges.
- **Assistive Technology** Recent improvement with adding a wheelchair-accessible catalog station was noted, but there is still no Braille software for blind patrons.
- **Policy Improvements** Positive feedback on allowing guest passes for all patrons, which has improved computer access equity.
- Other Barriers A few mentioned late fees as a potential equity issue and raised concerns about whether all patrons receive equal treatment.
- Overall Perception Several staff indicated no major barriers, suggesting general satisfaction with current inclusivity efforts.

### Any barriers to equity, access, or inclusion for <u>staff</u> you have observed or experienced?

- **No Barriers Observed** Several staff reported no observed barriers, suggesting that day-to-day equity and inclusion issues are not widespread.
- Part-Time Employment Structure The 80% of staff being part-time with no benefits is seen as a barrier to attracting and retaining talent, limits diversity in hiring, and contributes to higher turnover when staff leave for full-time, benefited roles elsewhere.
- Pay and Hours Low wages and limited hours make positions less appealing, especially for those commuting from outside the Village, further narrowing the applicant pool.
- Comparison to Other Departments Reliance on part-time roles is noted as unusual compared to other Village departments, highlighting a structural inequity.
- Clarity on DEI Support Past experiences with addressing mental health, physical health, or disability issues left staff unsure who was responsible for providing support or resources.

## What changes would you recommend to improve the library <u>as a workplace</u>?

- **Positive Feedback** Some staff reported no recommended changes, noting that the library already functions well as a workplace.
- Part-Time Staff Support Suggestions for more paid holidays and more opportunities for part-time staff to interact with the Library Board.
- Work Space Improvements Multiple comments about reorganizing and redeveloping staff work areas (backroom, offices) to eliminate clutter, improve safety, and create better space for collaboration.
- Facility Fixes Requests to repair the front desk water issue and replace stained ceiling tiles, as well as improve lighting in the book aisles.
- Hours Adjustments Recommendation to change Saturday hours to 12—4 p.m., at least during the school year when Sunday hours are also offered.
- Onboarding and Communication Suggestion to formally introduce new staff, particularly shelvers, to the team.

## What changes would you recommend to improve the library <u>for patrons</u>?

- **Positive Feedback** Several staff noted that patrons already appreciate the service-focused environment and did not suggest major changes.
- **Space Enhancements** Multiple requests for more study rooms, additional tables and chairs, and improved comfortable seating in both Youth and Adult areas.
- Accessibility Upgrades Suggestions for more handicap parking, adding automatic door openers for bathrooms, and replacing outdated door openers on main entrances.
- **Programming** Interest in more programs for seniors.
- Policy Adjustments Proposal to eliminate fines for children's and YA materials.
- Technology and Services Request to offer faxing services for patrons.
- **Environment Improvements** Concerns about excessive computer game use in the children's area and general clutter reduction.

### Is there anything else you would like to share?

- Workplace Culture Overwhelmingly positive remarks about the library as a welcoming, supportive, and meaningful place to work. Staff expressed pride in their coworkers' compassion, education, and dedication to serving the community.
- **General Satisfaction** Many simply stated that they enjoy working at the library and had no additional concerns to share.
- Team Appreciation Several noted that the library has a great team doing good work with the resources available.
- Compensation and Benefits One comment called for expanded benefits (health care, vacation, sick time) for part-time staff to better support those who need them.
- Holiday Hours A suggestion to close the last two Sundays in December, similar to Milwaukee Public Library.

### **Key Strengths**

- Positive Workplace Culture Staff describe the library as friendly, supportive, and collaborative. There is pride in the library's service to the community and satisfaction with the work environment.
- Community Engagement Staff enjoy interacting with patrons, offering readers'
  advisory, and running programs (especially storytimes and creative activities).
- Communication & Collaboration Many find intra-department communication effective and report strong working relationships with colleagues and supervisors.
- **Training & Development** Most staff feel well-trained, supported, and able to access professional development when needed.
- **General Satisfaction** The majority rate their workload as reasonable, feel their wages are improving, and believe the library is doing a good job with available resources.

### Opportunities for Improvement

- Staffing & Coverage Adult Services is understaffed; staff suggest adding a full-time librarian or additional part-time reference staff. Coverage gaps during absences create stress, especially on evenings and weekends.
- **Compensation & Benefits** Part-time wages are low and lack benefits, limiting applicants and potentially increasing turnover. Staff recommend annual wage reviews to stay competitive.
- Communication & Inclusion Staff want more cross-department collaboration, quarterly all-staff meetings, and part-time input on decisions. A shared communication platform is requested.
- **Training & Professional Development** Requests for more in-person training, defibrillator training, and refreshers on seldom-used tasks.
- Facilities & Work Environment Staff spaces need decluttering and upgrades (lighting, ceiling repair). Patrons need more study rooms, seating, and improved accessibility.
- Performance Review Process Reviews are inconsistent; staff call for annual reviews with simplified forms.

### Suggestions

### **Doing or In Progress**

- Staff
  - Centralized workspaces
  - Annual review of wages, benefits, and staffing hours
  - Updating employee performance review forms and process
- Space
  - Working with DPW for additional handicap parking space(s) and snow removal
  - Working on adding another study room and automatic door openers to front lobby public restrooms
- Patron Services
  - Library Board reviews fine-free trend every couple of years
  - More programs for seniors/retirees
  - Obtained quote for fax service
  - Youth staff working to manage volume levels and behavior during computer use.
     No plans to reduce or eliminate gaming.

### To Do or Explore

- Staff
  - More frequent all staff meetings
  - Informal staff get-togethers (establish a "fun" committee?)
  - Improve communication flow; find balance between not enough emails and too many
  - Loop in part-time staff during decision making
  - Virtual announcement page or communication platform
    - Examples? How different than email?
  - Staff training: more in-person opportunities; skills refreshers (ex. copier, AED)
  - Introduce new staff more broadly
- Space
  - Centralized workspaces
  - Declutter public and staff spaces
  - Improve lighting in book aisles
- Patron Services
  - Explore braille software and other accessibility options
  - Explore changes to hours and closing last two Sundays in December

### **Questions & Discussion**

To: Whitefish Bay Public Library Board of Trustees

From: Nyama Y. Reed, Library Director

Date: October 21, 2025 Meeting

Re: Review Draft Staff Evaluation Forms

### **Mission Statement**

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information, and resources.

### Overview

The Library's current employee evaluation forms were approved more than a decade ago during a time of significant staff performance and behavior challenges. At that time, the forms were intentionally designed to document poor performance as a step toward termination. As a result, the process is now outdated, overly complex, and discouraging for both supervisors and staff.

### **Purpose of Revision**

This update reflects the Library's ongoing commitment to fostering an exceptional workplace culture grounded in fairness, accountability, and professional growth. By modernizing the evaluation process, the Library continues to align staff development with organizational goals and service excellence.

The Leadership Team has reviewed and updated the forms to reflect a more constructive, efficient, and meaningful evaluation process. The new forms emphasize performance development and accountability rather than punitive documentation.

### **Key Improvements**

- **Streamlined Format:** The updated forms are concise and easier to complete, reducing redundancy and administrative burden.
- **Task-Based Evaluation:** Following training and guidance from CVMIC, the new forms focus on specific job duties and work tasks. This structure allows supervisors to provide clearer, more actionable feedback.
- **Simplified Rating Scale:** The previous five-point scale lacked clarity and usefulness. Raises are not determined at that level of detail, making the distinctions unnecessary.
  - The new three-point scale better aligns with the Library's pay structure and performance expectations:
    - Meets Expectations Eligible for the standard annual raise.
      - Typically, 90-95% of staff are in this category.
    - Exceeds Expectations Eligible for a merit increase (though none have been available in recent years).
      - 5-10% of staff are in this category.
    - Needs Improvement Requires a performance improvement plan and is not eligible for a raise until improvement is demonstrated.
      - 0% of staff have been in this category the last 10 years.

### **Motion**

Motion to approve the revised staff evaluation forms.

## Examples of current evaluation forms

### **Whitefish Bay Public Library**

### **Employee Performance Review for Full Time Staff**

The purpose of the performance review is to provide a communication tool to be used in the evaluation of employee performance and goal setting. This process is useful in order to form goals for the upcoming year, clearly communicate performance expectations, assist staff in accomplishing the job to be done, and evaluate the results. As the library evolves with the environment and the community it serves the review process is then intended to offer both employer and employee an opportunity to reflect and respond to any changes in performance expectation.

### **Performance Review Process**

- Step 1) The performance review process begins with the employee completing their Employee Performance Planning Worksheet and the director completing the Director Performance Planning Worksheet. These worksheets will contain information about:
  - Job-related responsibilities
  - Goals that support the Whitefish Bay Library's Mission
  - Professional Development including any workshops, training, or conference attendance, etc.
- **Step 2)** An initial meeting will be held where the employee and the director will share and discuss their written responses to the questions on the worksheet. During this meeting clarification will be made on job duties, assignments and priorities. Goals will be clarified and professional development plans for the review period will be identified. This meeting will occur in the first month of the review period.
- **Step 3)** A mid-year meeting will be held during the review period where the employee and director will review the areas on the Performance worksheet. This allows for any changes or concerns in the fulfillment of the job responsibilities, goals or development from the performance worksheet to be discussed, and if necessary, documented.

### **Step 4)** At the end of the review period:

- The director will provide the employee with feedback on their job responsibilities, goals and development. Suggestions for improvements and comments will be included as needed. The director will also evaluate the employee's communication and listening, intrapersonal and resource management skills.
- Each employee will provide a written self appraisal. This will be used for discussion purposes only.

Chapter 13 – Library Advocacy

Chapter 25 – Liability Issues

### **Chapter 10 – Developing Essential Library Policies**

Library policies provide the framework for daily operations, decision-making, and consistent service. They ensure the library meets community needs, uses resources wisely, and treats staff and patrons fairly.

### **Purpose and Responsibility**

Library boards are responsible for approving both **external policies** (how the library serves the public) and **internal policies** (governing board and staff operations). Wisconsin Statutes §§43.52(2) and 43.58(4) authorize library boards to set reasonable regulations, manage library administration, and prescribe staff duties and compensation.

#### **Policy Development Process**

- The director drafts or revises policies with input from staff and, when appropriate, the public.
- The board reviews, revises, and approves policies during properly noticed public meetings.
- The director ensures that staff and the public are informed of adopted policies.
- Policies are reviewed regularly, ideally every three years, to ensure they remain current and effective.

### Chapter 10 – Developing Essential Library Policies (Cont.) Characteristics of Good Policies

Effective library policies:

- Legal: Comply with all statutes and court decisions.
- Reasonable: Apply fair standards and proportionate consequences.
- Clear: Avoid vague or subjective language.
- **Equitable:** Are applied consistently without discrimination.

#### **Policies and Procedures**

<u>Policies define what the library does and why. Procedures define how tasks are accomplished.</u> While the board sets policy, the library director develops and manages procedures to carry out board-approved policies. This distinction prevents board micromanagement and allows professional staff to administer daily operations effectively.

#### Implementation and Review

Policies should be compiled in a publicly accessible manual and/or made available online. Once adopted, all board members should support consistent implementation. Commonly challenged areas include materials selection and Internet access, where clear, legally defensible policies are essential.

#### Goal

Strong, current policies enable the library to provide equitable, high-quality service, ensure accountability, and align daily operations with its mission and long-range goals.

### Chapter 11 – Planning for the Library's Future The Importance of Planning

Planning ensures that library services meet community needs, use resources wisely, and adapt to change. Just as no one would build a house without a blueprint, libraries need a plan to guide priorities and decisions. Without one, the library risks offering services that are unnecessary while overlooking what the community truly values.

### Why Plan

Planning helps the board and staff understand their community, identify priorities, and set goals for the future. It creates a clear direction for growth and a record of decisions that guide daily operations and long-term development.

#### **Getting Started**

Every library, regardless of size, needs a plan. The process may be simple or detailed, but it should always involve gathering data about the community and the library's current services. Comparing local data to **Wisconsin Public Library Standards** helps identify gaps and opportunities for improvement.

#### Who to Involve

Effective planning includes input from multiple voices, such as library staff, municipal leaders, educators, community organizations, and residents. Engaging both library users and nonusers provides a fuller picture of community needs.

### Chapter 11 – Planning for the Library's Future (Cont.) Gathering Information

Ask about community priorities rather than just library services. Surveys, focus groups, and conversations can uncover needs the library can help address. The goal is to connect community aspirations with library resources.

#### **Creating the Plan**

A simple plan includes:

- Introduction: Overview of process and findings.
- Mission Statement: The library's purpose and role in the community.
- Service Priorities and Activities: Goals and actions to achieve them.
- Evaluation: How progress and outcomes will be measured.

Plans can span one to five years and should be reviewed regularly to ensure continued relevance and effectiveness.

### **Specialized Planning**

In addition to general strategic planning, libraries may develop focused plans for technology, facilities, or emergencies. These ensure readiness, continuity, and resilience in changing circumstances.

### **Summary**

Planning is not a luxury; it is essential. A thoughtful plan aligns library services with community needs, strengthens accountability, and keeps the library moving toward a shared vision for the future.

### **Chapter 13 – Library Advocacy**

Advocacy is a key responsibility of every library trustee. Advocates understand the value of library services and communicate that value to the community and decision-makers.

### **Purpose**

Trustees share clear, accurate information about library needs to build public and government support. Because trustees represent the community, they are often the most effective voices for sustainable funding and strong library services.

#### **Priorities**

Each year, the Library Board should identify a few advocacy goals, such as funding, technology, or facility improvements, and plan how to pursue them.

#### **How to Advocate**

Trustees can:

- Speak to community groups
- Communicate with local and state officials
- Write letters or articles supporting the library
- Participate in hearings or public meetings

Advocacy is ongoing work. Each effort strengthens community understanding and long-term support for the library.

### Chapter 25 – Liability Issues Trustee Liability and Protection

Library trustees are generally protected from personal liability for actions taken in good faith while performing official duties. (Wis. Stat. §893.80[4])

Personal liability may occur for intentional misconduct, misuse of funds, ethics violations, or breaches of open meetings, public records, or constitutional laws. Open meetings violations can result in personal fines that cannot be reimbursed.

Because the municipality or county is ultimately liable for board actions, local attorneys are available to advise the library board. Municipalities also typically provide legal defense and cover damages for trustees acting within their duties (Wis. Stat. §895.46[1]).

### **Reducing Risk**

Trustees should:

- Understand key laws affecting library governance.
- Maintain clear, updated policies.
- Vote responsibly and avoid conflicts of interest.
- Seek legal advice when uncertain.

Acting diligently, ethically, and within legal bounds provides trustees strong protection and helps safeguard the library's integrity.

### Schedule

Trustee Essentials: A Handbook for Wisconsin Public Library Trustees (2015) has 27 chapters, plus an appendix. We will review 2-4 chapters per month.

Re: Director's Reports

- 2) Village
  - a) 2026 Budget Book to be distributed to Village Board and department heads the week of October 20.
  - b) Health insurance quotes were received the week of October 13 from United Healthcare and the State plan. The Village Board will discuss details in a closed session October 20.
- 3) 2025 Strategic Plan
  - a) Patron Survey: The patron survey launched Monday, September 29, and over 400 responses were received within 24 hours. As of October 17 there were 633 responses. Results will be presented to the Library Board at the November 18 meeting.
  - b) The survey was sent to the Library's email list of 6,300 people and had an open rate of 73%. The survey was also shared via the Village's e-newsletter, Facebook groups WFB Villagers and WFB Parents, Facebook post "boost," and signage inside the library with QR codes. Print copies were available in-library but not were turned in.
  - c) A 10% response rate is considered acceptable. Previous library survey responses were 544 in 2018, 1,012 in 2018, and 814 in 2021.
  - d) A final email reminder will be sent October 17 and the survey closes October 19.
- 4) Friends of the Library The Fall Book Sale, scheduled for Friday, 10/31 through Sunday, 11/2.
- 5) MCFLS
  - a) At the last LDAC meeting, members approved creating a \$100,000 Overdrive/Libby Lucky Day collection to help meet demand for digital materials, especially e-audiobooks. Steve Heser of MCFLS will work with selectors to implement this before year-end. Heser also notified Midwest Tape that ten libraries will discontinue hoopla in 2026
  - b) Baker & Taylor, a major national book wholesaler serving libraries and bookstores, announced it will cease operations by January 2026. The company is now only filling orders for items currently in stock and will not fulfill backorders. WFBPL staff identified about 500 titles on backorder, cancelled those orders, and reordered through Ingram. New books are arriving daily.

Libraries nationwide, including MCFLS members, are struggling to find reliable replacements for Baker & Taylor. Many are temporarily using a mix of vendors such as Ingram, Amazon, Barnes & Noble, and local bookstores, resulting in reduced efficiency. Milwaukee Public Library (MPL) is particularly affected due to its acquisitions system's reliance on Baker & Taylor. The vendor's closure also ends a system-wide discount negotiated by MPL, which had provided significant savings for all member libraries.

- 6) Foundation
  - a) Work is in progress on the year-end fundraising campaign.
  - b) As of August 30, the endowment balance at Greater Milwaukee Foundation is \$205,000 and there is a \$13,000 balance at Associated Bank.
  - c) The Foundation Donor Wall will be installed soon, hopefully by Thanksgiving.
- 7) Wisconsin Library Association Theresa and I will attend the annual conference in Middleton, Tuesday, October 28 through Friday, October 31, as part of the conference planning committee.
